1. Group Reports

- Group I
  - Na
- Group II
  - TX354 Lakeshore composite squadron this squadron has been very active especially with their color guards
  - Thunderbolt and Plano Mustangs composite squadron these two sisters squadrons have been working in depth together they've actually scheduled and completed orientation flights in Oklahoma on the KC 135 we've also gotten cadets had the chance to attend a National Defense briefing with the chief of naval operations Admiral John Richardson
- Group III
  - Mesquite composite squadron they're going to be working on a backpacking trip for the whole group they will be hosting. They'll be focusing on ground team member qualifications, ground team leader training as well as mission radio operator and missions qualifications and a lot of ground team qualifications.
  - midway composite has recently put together a color guard team that have been working very diligently and putting a lot of effort into it to get it down perfectly
  - Thunder composite we've been working on recruiting and leadership training especially for our new cadets are coming in we have been going around two public events such as upcoming upcoming citywide and countywide events going out opening up boost trying to get some recruiting into our squadron
- Group IV
  - squadrons doing outstanding, group CAC working on creating a for how to create a proposal.
- Group V
  - planning process and have actually opened up our work applications for our group 5 ALS that led for this next term also with that we have been doing a lot of a lot more ES training specifically with drones that have sources in that planning and of course with several squadrons there are quite an array of different different opportunities we could have to be involved with with the Alamo composite squadron they're doing oh lot more initial development for cadets as well as a lot of TLC training and senior preparation
