

TX WING

Working into Stan/Eval Process

Identify Candidate

- Established CFIs that join CAP
- Established CAP members that achieve a CFI
- Pilots upgrading through a pilot clinic
- Goal would be to centralize list, so we can make sure individuals are progressing

Mentor / Recommend

- Any existing "check pilot"
- Link to an established veteran check pilot
- If unknown, first point of contact is DOV or local DOVa
- Mentor will guide candidate in any gaps of knowledge or experience
- Mentor should let DOV / DOVa know when candidate meets 3-domain criteria

Evaluation

- **Initial** instructor / check pilot evaluation will be with DOV or DOVa
- Subsequent can be with any CP (Instructor) or CPE (check pilot)
- Initial Instructor Evaluation
 - IDEAL: Current F5 member in front left; instructor candidate in front right; check pilot in rear
 - ALTERNATE: check pilot in front left
 - Must have a current F5ed pilot opposite the instructor candidate
