## Texas Wing Banking

All Wings were required to implement a Wing Banking program by 1 Oct 2007 by decision of the CAP National Board. Under the Texas Wing Banking program, all Texas Wing Units with funds transferred them to Wing Headquarters. In accordance with Generally Accepted Accounting Principles (GAAP) these funds were placed in a Unit bank account and entered into the CAP National QuickBooks system for accrual accounting. Wing Headquarters now has the responsibility to pay Unit bills and account for their funds. The Unit however, remains responsible for managing their funds through their Unit finance committee.

Wing Headquarters will not make a payment unless:

- The Unit properly authorizes the payment by the use of CAPF172 and TXWG Bill Pay Request Form
- The Unit has funds available to cover the payment
- The payment is legal and conforms to CAP National rules
